Bufiles reflect that Eva Reich is the daughter of Dr. Wilhelm Reich, M.D., Director of the Wilhelm Reich Institute, aka., The Orgone Institute Research Laboratories, Inc., at Rangeley, Maine. Dr. Wilhelm Reich, following extensive investigation by the Food and Drug Administration, United States Department of Health, Education and Welfare, in May, 1956, was found guilty of contempt of court following the issuance of an injunction barring interstate shipment of devices, literature and promotional material regarding treatments by Reich of cancer and other serious diseases, said devices having been described as worthless by the Food and Drug Administration. Following unsuccessful appeal efforts, Reich was imprisoned on March 12, 1957. Since early 1957, as well as previous thereto, Wilhelm Reich, Eva Reich, William Moise and other members of Reich's staff have directed voluminous correspondence to the Bureau, to various Bureau divisions, and other United States Government agencies and officials. None of the material reviewed at the Bureau has indicated any violations within the investigative jurisdiction of this Bureau.

It is noted that Dr. Eva Reich (Mrs. William S. Moise) was recently interviewed by Special Agents of the Richmond Office assigned to the Alexandria, Virginia, Resident Agency at which time she furnished information in essence comparable with that set forth in her letter to Stringfield. She also indicated at that time that she had addressed similar information to the office of United States Senator Margaret Chase Smith and had contacted Assistant United States Attorney General William Tompkins. At that time Eva Reich, a naturalized citizen of the United States, also made certain derogatory comments relating to justice

and government administration in the United States, representing possible admissions against interest. This information was furnished by the Bureau to Assistant Attorney General Tompkins and the Director of the Immigration and Naturalization Service.

In view of the above information and in the absence of any indication that matters related by Eva Reich in her letter to Stringfield are within the Bureau's jurisdiction, Richmond should disregard the lead set out in the last paragraph of referenced Cincinnati letter.

There is enclosed herewith for the Richmond Office an Autostat of Eva Reich's letter to Leonard Stringfield, Cincinnati, Ohio, dated March 19, 1957. In view of Eva Reich's vague threatened use of force (set forth in the last paragraph of her letter to Stringfield), Richmond Division should promptly make this information available to appropriate local officials in Alexandria, Virginia.

FLYING SAUCERS

On March 25, 1957, LEONARD H. STRINGFIELD appeared at the Cincinnati Office for the purpose of calling attention to a letter dated March 19, 1957, which he had received from EVA REICH, M.D. (Mrs. WILLIAM S. MOISE, Route 1, P.O. Box 721, Alexandria, Virginia, telephone South 5-7081).

For the information of the Bureau and the Norfolk Office, Mr. STRINGFIELD is presently the Advertising Manager for Dubois Company, Inc., 1120 W. Front Street, Cincinnati, Ohio. According to STRINGFIELD, he has been interested in flying discs or objects for a number of years and has cooperated with the United States Air Force to the extent of furnishing the Air Force with any information on flying objects coming to his attention. Mr. STRINGFIELD was also the publisher of a paper called the "Orbit", which carried the following heading: "The official publication of Civilian Research, Interplanetary Flying Objects". The "Orbit" was a monthly publication which carried information and intelligence research by STRINGFIELD on flying objects. According to STRINGFIELD, the "Orbit" had a limited circulation.

In connection with Dr. REICH's letter, STRINGFIELD stated that prior to the receipt of the letter he received a long distance telephone call from Dr. REICH on March 12, 1957. This call was received by him in the early morning prior to his departure for work. He related that Dr. REICH was a subscriber to the "Orbit" and that during the phone conversation she made reference to some of his reports which he had published in the "Orbit" and for the most part spoke on matters that were "over his head" and things that he did not understand. According to STRINGFIELD, she concluded the conversation by stating she would write him a letter, which letter was the reason for his call on the FBI.

Mr. STRINGFIELD furnished the letter to this office but desired the same be returned to him and it should be noted that Dr. REICH speaks of STRINGFIELD testifying before some Congressional committee in connection with flying saucers and his publication. She further speaks of events designated "OROP Desert Ea" which STRINGFIELD knows nothing about.

In the first paragraph of page 2 in speaking of the above event, she makes reference that there is evidence for espionage against this work and later adds that the FBI so far has declined to investigate as the subject is "not within their jurisdiction". It is further noted that she also speaks of the evidence of the "orgone energy motor", which STRINGFIELD has no knowledge of. Dr. REICH mentions a number of people as being former members on the staff of the expedition "OROP Desert Ea".

For the information of the Bureau and Norfolk, persons mentioned by Dr. REICH in her letter have been checked through the Cincinnati indices with negative results.

There are attached hereto two autostatic copies of Dr. REICH's letter to Mr. STRINGFIELD dated March 19, 1957, for the Bureau, and one copy for the Norfolk Office. The Norfolk Office is requested to check their indices on Dr. REICH and furnish the Bureau with any identifiable data concerning her and persons mentioned in her letter of March 19, 1957. This office is returning the original to Mr. STRINGFIELD and is not maintaining a copy of the same in this office.

March 19, 1957

Dear Mr. Stringfield:

This letter is to confirm and elaborate the contents of our telephone conversation on March 12, 1957. At that time I called you on my own initiative, stating as a planetary and U.S. citizen, who was a witness to a series of facts and events designated "OROP Desert Ea". It was my aim to find out whether you would be willing to testify about the facts known to you concerning UFO sighting reports made by the civilian public in the USA and elsewhere, which as Editor of CRIFO Orbit you have collected and filed over several years. I also wanted to know whether under oath you would reveal what you know in your official capacity as former USAF Intelligence officer (This information about you was gleaned from Edward J. Ruppelt's book "The UFO Story"). I finally based my call on the title of your publication "The official Publication of Civilian Research, Interplanetary Flying Objects" as distinguished from the mystics who dabble in the unknown.

I informed you that staffmembers of Expedition Orop Desert Ea, Arizona , 1954-1955 had lodged a charge of treason, fraud, perjury and conspiracy against certain government officials through the office of Senator Margaret Chase Smith on March 1, 1957. That these men had obstructed vital civilian research on the space problem, and have now apparently succeeded in their treacherous attack through defrauding the US court as to the nature of the work carried on during Expedition Orop Desert Ea; the discoverer of Life Energy, Dr. Wilhelm Reich being consequently imprisoned on March 12, 1957. The staff members of Expedition Orop Desert Ea wish to stress that in making their charges they are acting strictly on their own, on the basis of the respective facts known to each one. An investigation by the United States Congress has therefore been requested by us, concerning the underlying facts in this unique scandal. What has to be opened up is the entire field of UFO phenomena, the Undue Secrecy by Airforce headquarters , and the suppression of public news concerning the subject. Evidence points to the existence of a widespread conspiracy of those who want to maintain the status quo of the present world view, the atomic-mechanistic empty space hypothesis, the THEY in the background who want to kill all new knowledge by criminal means. Our evidence shows that "they" are in control of apparently all branches of the government. I feel personally unsure whether there exists at this point any bona fide honest constitutional government. After the events of March 11, 1957 the constitution is dead, Law and rational order has failed. I am basing this statement on the fact that in spite of the evidence on court record the sentence against the Discovery of the Life Energy was executed. For reference you have to go to the nearest US District Court where you will find Volume V Record Appendix to Briefs for Appellants, Case No. 5160, Supreme court Number 688, Secret and Suppressed Evidence, Orop Desert Ea, 1954-1955. The Title of the Report is "Contact with Space", Oranur, Second Report, 1951 - 1956, By Wilhelm Reich. Dr. Reich was found guilty of Contempt of Court for disobeying an UNLAWFUL and Fraudulently obtained order against his work (1954) and for stating at trial that he had to continue with his work for reasons of national security.

We, the staff members of this expedition are factual witnesses to some aspects of the work such as : Oranur experiment, Orur (Denatured Nuclear material - in other words "Atoms for Peace") , the Cloud-buster, Cloudbuster plus Orur equals "Spacegun", Disabled Ea (Epsilon alpha Dr. Reich's designation of Space craft)

Conferences with ATIC, notification of government officials in responsible positions, Conferences with CIA; DOR clouds and effects, DOR removal (Smog so called, also appears as smoky substance subsequent to UFO sightings as you know); DOR as Deadly Orgone Energy; Orene; Oranur Weather control; Rainmaking, also over deserts, Hurricane dissipation; Transportation of Orur including "queering of Radar"; Breakdown (Hemiplegia) of spacegun operator while drawing from Ea, - And many further detailed aspects of OROP Desert Ea work such as the "energetic nodes found experimentally", etc., etc.... There is no shortage of facts, observations, and evidence. But the Truth has so far not yet been heard, which is all it needs to win.

Furthermore there is evidence for espionage against this work: Tapped radio, opened mail etc. Since to date UFO's are officially "nonexistent" The FBI has so far declined to investigate as the subject is "not within their Jurisdiction". I am personally witness to the fact of the existence of the Orgone Energy Motor, and letters, documents, etc., describing the mysterious disappearance of one William Washington who came into possession of much knowledge concerning "orgonometry, mathematical, and the Motor principle," and who has disappeared since 1949. I am sure any investigating agency could locate his whereabouts in a short time. It is clear that the powerful Oil interests in this country are out to keep their predominance in the field of power and income, and are involved in keeping the Orgone Energy Motor problem suppressed.

These points are mentioned to give you a hint how necessary a bona fide, courageous, forthright investigation has become. I am appending a bibliography for your convenience where you may find some of the printed evidence for our charges.

If no investigation is forthcoming within a reasonably short time we are forced to use force; - to use the scientific power of the Energy which we have learnt to trigger (storms, floods etc.)

Sincerely yours

Eva Reich Moise
